

Kristian Magar

for

U.S. Congress

Dear Neighbor:

Please visit www.klm2010.com to learn more about Republican candidate Kristian Magar for U.S. Congress.

I am supporting him in his campaign to fundamentally restore our nation to its founding principles and values for the following reasons:

1. He is the only candidate in this congressional race that is not an attorney. In fact, he works in the oil & gas industry.
2. He is not a career politician.
3. He is a 9-12 candidate and has signed the 10th Amendment Center pledge, and the Contract from America.
4. American Independent Party has endorsed him and added him to their Reagan's List.
5. His international and domestic business experience, education and certifications have well prepared him for the challenges he will face on our behalf.

Our nation needs a man and leader like Kristian Magar. I hope that you will join me in supporting him for our children and our future.
